Karen,

I must say, this year has brought us through quite a lot. Most of it ~~we~~ came through alright, but then there's you know what. I'll never forget the - - - - we went through.

Sorry to hear that you haven't gotten your revenge yet, but your day is coming. I hope yours is as sweet as mine was! We are the only two

brawds at this school who can connive and scheme like two desperates. Our trade will come in very handy in years to come, as it has this year. I hope

FOREWORD

To every thing there is a SEASON, and a time to every purpose under the heaven:

A time to be born, and a time to die; a time to plant, and a time to pluck up that which is planted;

A time to kill, and a time to heal; a time to break down, and a time to build up;

A time to weep, and a time to laugh; a time to mourn, and a time to dance;

A time to cast away stones, and a time to gather stones together; a time to embrace, and a time to refrain from embracing;

A time to get, and a time to lose; a time to keep, and a time to cast away;

A time to rend, and a time to sew; a time to keep silence, and a time to speak;

A time to love, and a time to hate; a time of war, and a time of peace.

PRINCIPAL'S MESSAGE

A person's life can be catagorized into separate phases, distinct yet overlapping: childhood—youth—adulthood. With each phase come new activities, responsibilities, and joys. The potential for happiness exists in each phase.

Lynwood Academy “educates for life”—for the life on earth in preparation for the life in heaven. We have a roadmap—a plan or a blueprint—that, if followed, will not only give us an assurance of a heavenly home but also an attitude that will allow us to exist until our work is done on earth.

Lynwood Academy endeavors to train its young people to be wise in life's responsibilities, to know when and where and how to accomplish life's tasks, to recognize that there is a time and place—a “season”—in which all of the activities necessary to make a happy life will be most meaningful.

This yearbook portrays many of the activities designed to give this perspective.

Our first semester A. S. B. cabinet worked hard to put into effect the ideas and aspirations of the Student Body. Almost immediately after the elections, the first semester A. S. B. officers began planning future activities. They met approximately six times during the summer to work on the Student Center, the Log Campaign, and the Student Court Constitution.

When school started the faculty and the cabinet worked together with the student body to make the Log Campaign successful.

Two of the highlights of the first semester's activities were the game show entitled "How Well do you Know Your Friend," which was presented in chapel, and the Bill Cosby basketball game.

The Student Court Constitution and the Student Center hopefully will be put to use before the school year of 1968-1969 draws to a close.

Dear Karen,

Why didn't we get to know each other better before?! Think of all the fun we could have had. Evil, eh?! Well, at least we got together in Spanish II, PE and the nurses office. Still charging for Sex Education classes? You and Debbie should start a Sex Ed. school. The things people could learn!

I'll always remember your dirty old man of an Uncle. "Swimming?!" He's a cool cool guy! Don't you wish you had more Uncles like him?

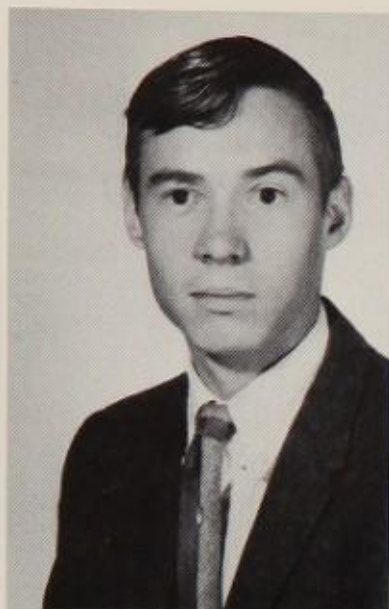

So you're going to have affairs with sexy Italians? I'll join ya! Have some around for me, okay? Be fairly good and try not to get into too much trouble. Remember me and my clean jokes.

Love,
Nancy

CABINET

Our second semester A. S. B. cabinet has been working to complete the plans initiated by the first semester cabinet and to plan future activities for the final months of the school year.

The cabinet also hopes to put into effect the Student Court Constitution, which was passed by the student body in January, and to finish the Student Center.

The main plan the cabinet hopes to initiate is the organization of a Girls' League, for the strengthening of leadership, unity, and participation among the girls.

The staff took a field trip to Visalia to go on a tour through the American Yearbook Company, the firm which publishes the book.

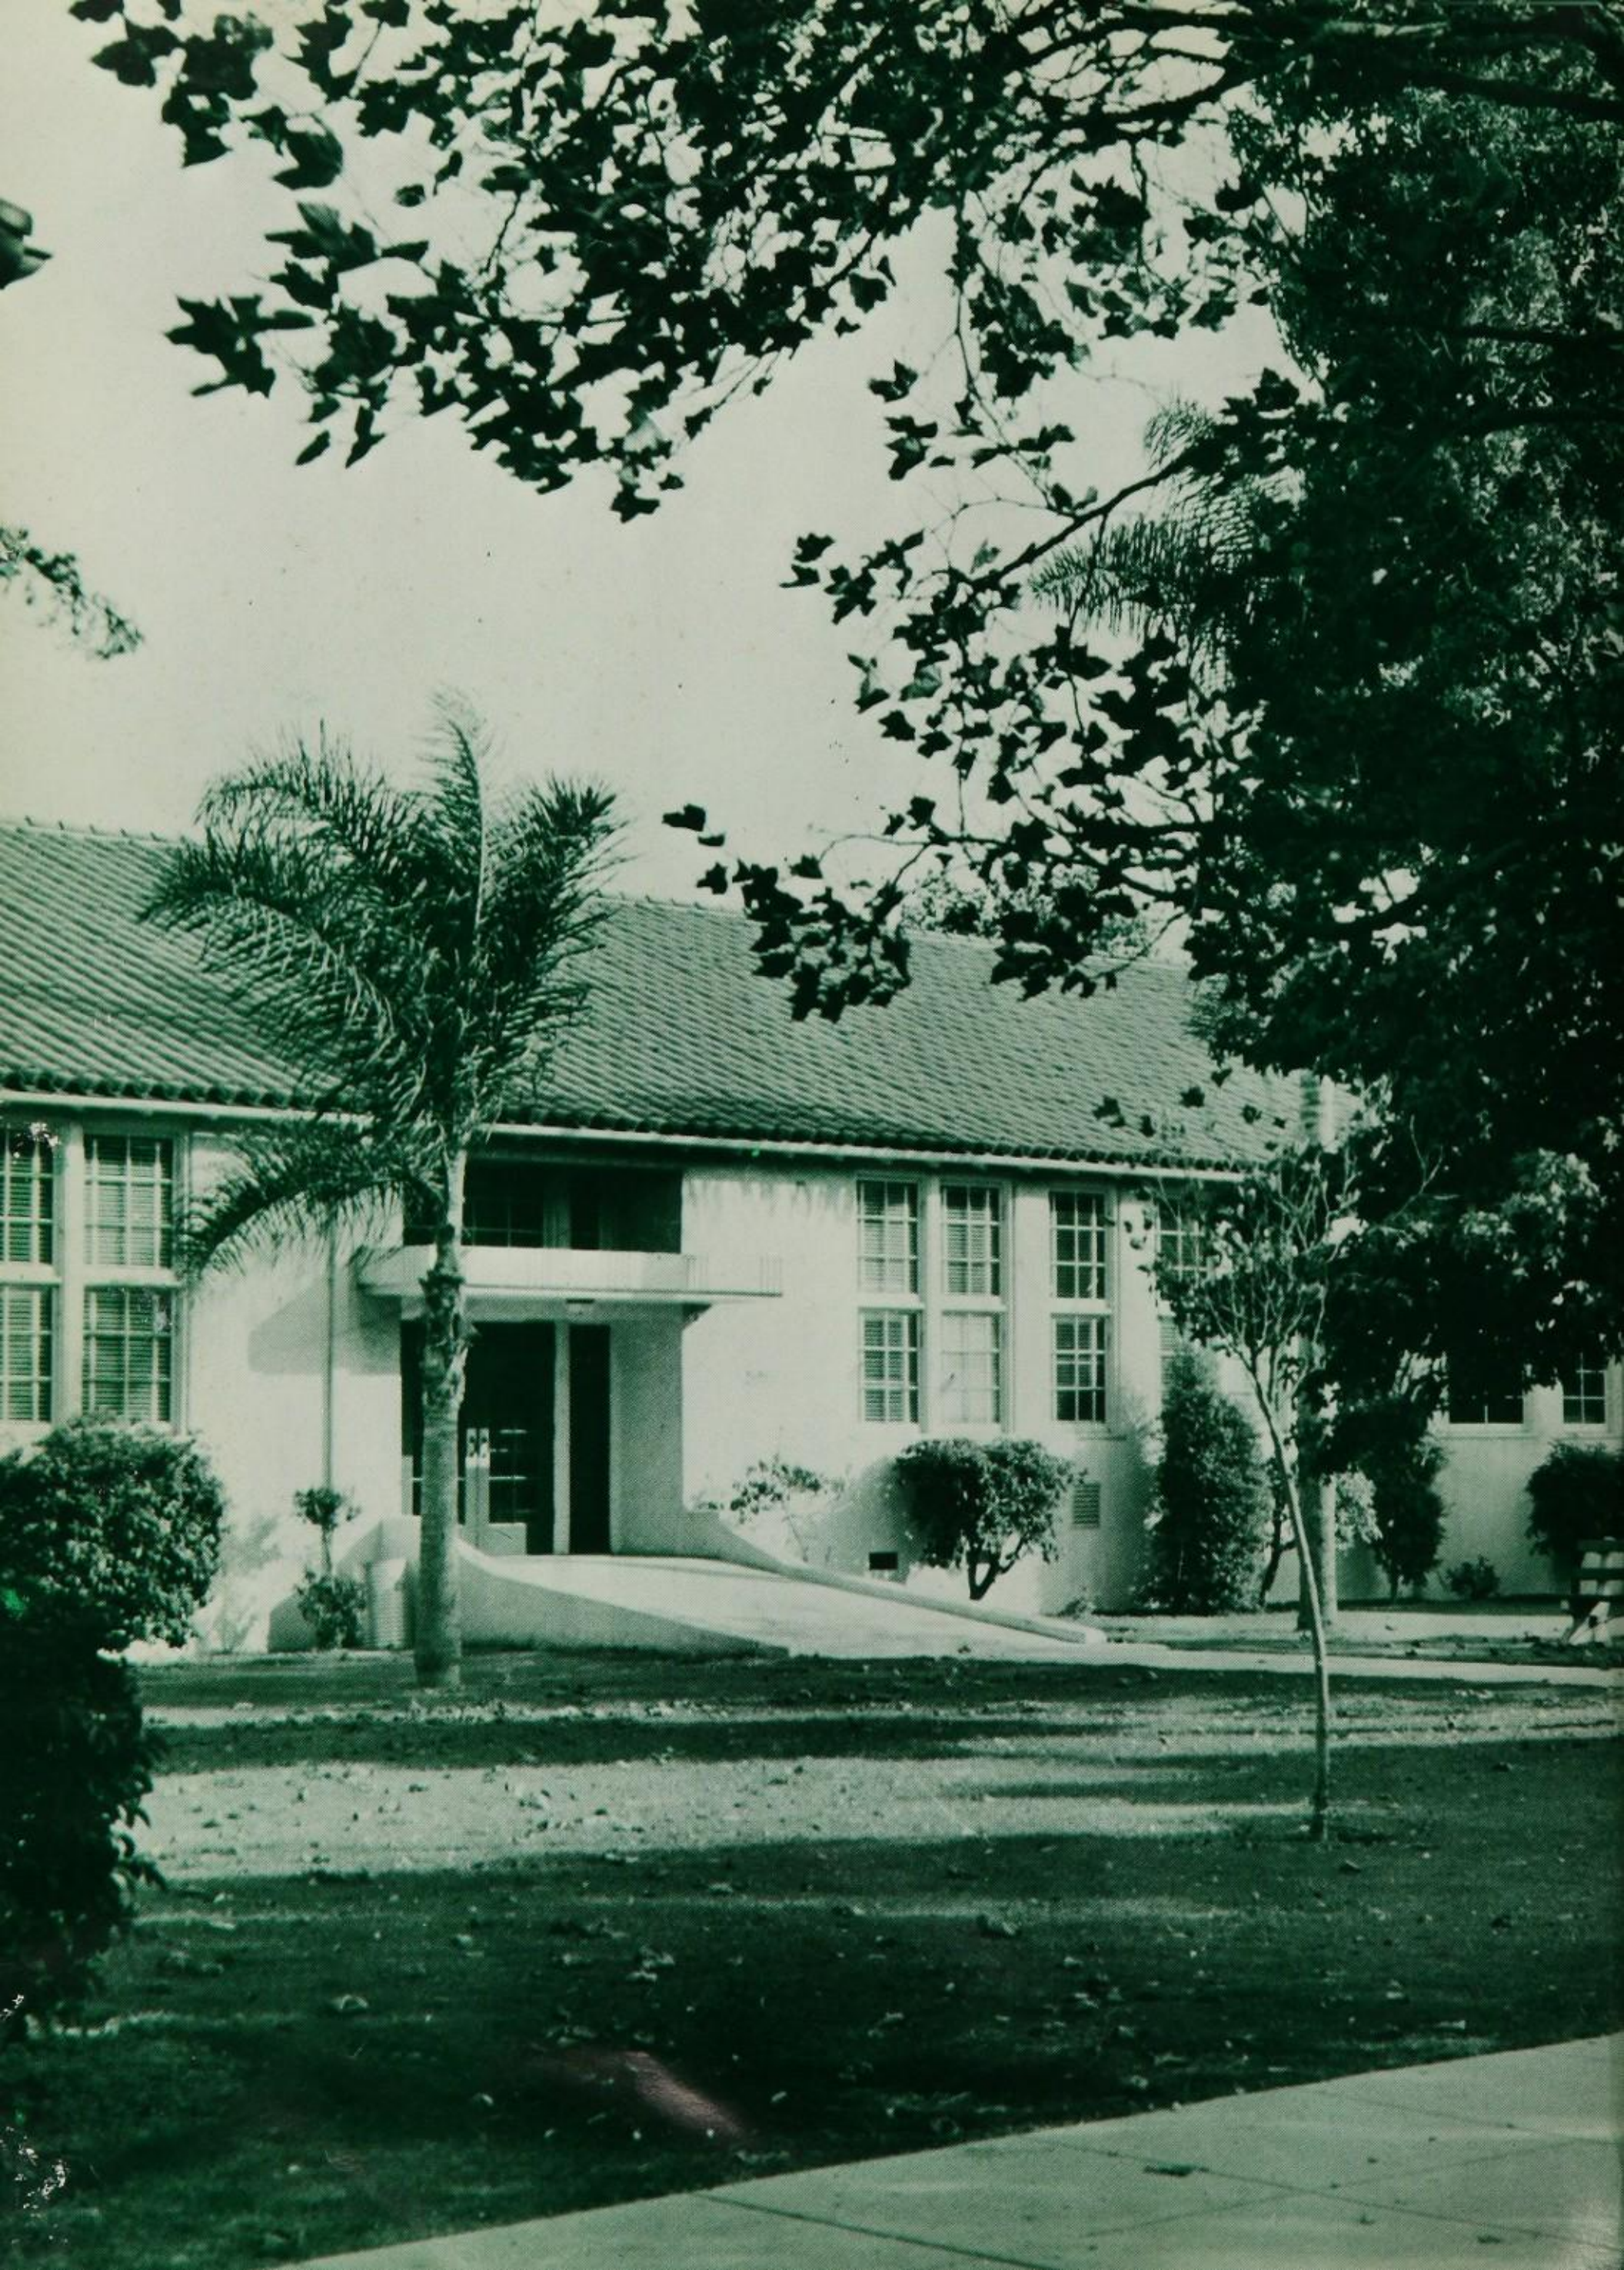

The annual staff has worked hard to produce this 1969 Shipmate which they hope you will enjoy.

EDITOR'S MESSAGE

In the 1969 **Shipmate** we have divided the activities of a busy school year into four seasons.

The happy, carefree days of summer constitute the shortest season of the year. Activities are varied and interesting.

It seems like only yesterday, in the beauty of autumn, that we picked up our books and set upon the rigors of another school year.

The leaves that turned to flame began to fall and soon the bare trees, the brown grass, and winter rains indicated that winter had come—and, with it, interesting changes in school activities.

Then, almost imperceptibly, there was a new light in the sky and a new song in the air—"Spring had sprung". The days of another school year were flying in rapid succession.

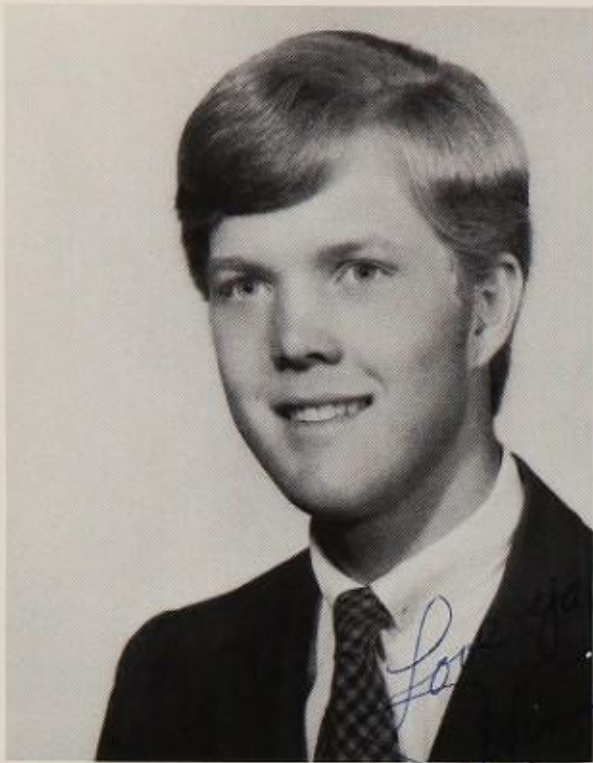

We have tried to portray, pictorially, these happy seasons for you. It is our wish that each season may bring to you pleasant memories of both work and play.

DEDICATION

In 1960 Mr. Frank Gibbon joined the faculty at Lynwood Academy. He is a gentleman in every respect. His patient understanding, his courtesy and kindness, has made an impact on the lives of both students and teachers. His faithfulness to details is surpassed only by his dedication to God. It is with pleasure that we dedicate this 1969 SHIPMATE to Mr. Gibbon in recognition of many hours spent in unselfish service.

Karen!

It's been just too

much knowing you this year.

I'll never be able to forget

all the fun talks we've had together!

Thank you for educating me! Honestly,

sometimes I wonder if you're for real.

are you???

you've really upset

my whole philosophy of life. If you see

me in the mental institution, you

know whose fault it is. Despite of

everything, I do wish you today luck in

all your endeavors & hope all of your plans work out.

Hope to see you at La Sierra

next year.

*Love,
Dorothy*

The well-rounded one.

LOMA LINDA UNIVERSITY has long been known as a center for education in the medical arts and sciences. Now try our LIBERAL ARTS.

The College of Arts and Sciences offers bachelor's degrees in the humanities, the natural sciences, mathematics, the social sciences, and essential fields of applied study. Then you may earn an advanced degree in the School of Education, the Graduate School, or the School of Public Health. And coordination between liberal arts preprofessional programs and professional courses (Medicine, Dentistry, Nursing, Health Related Professions) means that you start and finish preparation for a professional career at the same university.

I could not begin to write enough of the right things
in this paper to let you know how right you are.
'I never forget the day I add you the list of "my true
friends." But what elated me, was the opportunity to
make it yours. May our friendship outlast the count
less years of eternity. May sweet, and may the
thought of me never slip your consciousness.

Hey Karen,

It's been a very good year, and
a fast one at that. I'm sure gonna
miss all the groovy people in the
senior class. Karen, all the good
times we've had will soon come
to a close. (sob!)

Remember the good time we
had at good ol' Cottonwood and
Randy with his Purify bottle. (wow!) We
have good times and bad times, but
it's the good times we've had cuz I
don't know of any bad times we've
had.

You're really a cool head, it
maybe tight at times but it's cool!! h
What ever you do or say be
careful ~~careful~~ such as that!

You've been a help to me in
some way but don't know what! Have
a groovy lifetime after you leave
Zynwood Academy.

May God bless you abundant
cuz honey you'll need all the blasse
you can get. Good luck.

Love always,
Vince

It's that time of year again. Once again you are fortunate enough to receive but a small part of the eloquent wisdom that flows from the pen of a literary genius. Fret not! You only lack 3 points to coming near my caliber.

Ah, but we cannot all be as intelligent, witty, suave, ~~modest~~, as some.

Knowing you has been a most traumatic experience. But I managed to retain most of my sanity. Too bad about yours.

I hope you appreciate my longsuffering, generous nature, for of course you realize you never would have passed without my paper to look at. Well I guess some people just have what it takes. Some don't.

Don't forget all the wild times we had in the Council Chamber ¹⁹⁴¹ where I helped you solve all your problems. I don't know if you'll ever make it to that big, noisy, Bible class in the sky, but I'll get a weekend leave & visit you in Heck. After all, somebody has to run the place down there. Remember the wise words of Andy Norton and watch out for guys with holes in their pockets. Well, now that I prepare to cease my flow of literary genius, think not that my well of brilliance has gone dry, for it takes only a moment to regain my flow of eloquence. So until then, so long until tomorrow etc. and have a groove this summer. I never cease to amaze myself.

Love ya,
John

Hey Ole Karen!! As we commence to march down that isle doin the Boogaloo or what have you... I sincerely wish you a lot of luck & much success in all the things you persuit & endeavor. In your college year I hope you learn all you desire too & also hope we'll cross roads in the near future!! I've truly enjoyed going to school and listening to all you jokes... (shooting me down at times) but, I won't cry. Be good now and you be sure to have a groovy summertime!! But Remember — Be Good

Sincerely, BURT
